

Maudsley Health United Arab Emirates

South London and Maudsley NHS Foundation Trust is working with MACANI, a highly respected Abu Dhabi based organisation with a mission to together develop and extend high quality mental health care across the Middle East. The service has been providing outpatient care in Abu Dhabi since 2015 and in Dubai since 2018, supporting the development of a Government mental health hospital. The Hospital mirrors the Clinical Academic Group (CAG) Structure in the Maudsley UK, delivering care through the following CAGs;

Child and Adolescent Mental Health
Addictions
Mental Health of Older Age
Forensic
Intellectual Disability
Adult

Maudsley Health is now starting to progress significant developments across the spectrum of mental health care in the Middle East. The service works collaboratively with local partners and providers and is keen to further grow the reputation of being a premier quality mental health provider. As a result, we are looking for a range of mental health professionals. If you have a flexible approach, use evidence base practice and want to spend your time engaging positively with patients, we would be pleased to have an initial discussion with you. We are particularly keen to hear from;

Head of Psychology, Dubai
Nurse/Service Manager, Adult Mental Health Clinical Academic Group
Clinical Psychologists, Community Services, Dubai and Northern Emirates
Specialist Psychiatrists, Community Services, Dubai and Northern Emirates
Specialist Psychiatrist, Intellectual Disability Clinical Academic Group, Dubai
Nurse Therapists, Child and Adolescent Mental Health Services (CBT or IAPT Trained)

As services are new and developing, a degree of flexibility and creativity will be required together with an appreciation of relevant cultural issues. Of greatest importance is the ability to deliver high quality, evidence-based care.

A thorough induction programme will be offered along with a commitment to continuing professional development. Clinical supervision will also be regularly provided.

The ability to speak Arabic is an advantage, as is an understanding of private practice.

The successful applicants will need to fulfil the professional registration requirements of Ministry of Health;

Head of Psychology / Clinical Psychologists: Bachelor's Degree in Psychology, Master's Degree in Clinical Psychology (minimum two (2) years course duration), HCPC or relevant license to practice and 2 years of experience as a clinical psychologist.

Nursing: Bachelor's Degree in Nursing, NMC or relevant license to practice and 2 years of experience.

Specialist Psychiatrist: MRcPsych/FRCS, GMC or relevant license to practice.
